ORIENTATION PROGRAM for FY BAF

The orientation Program was organized in Room No.507 of our college.

First year students and their parents attended the orientation program which was given by the faculty members and the second year and third year students.

The students were shown the videos of the college infrastructure and facilities and various rules & regulations pertaining to academic and extra-curricular were explained to them. They were also given a briefing regarding rules for attendance and examination related information. The various faculties introduced themselves to the students and the principal and vice-principal briefed them about the kind of life they can expect to spend in the coming three years at the college campus and the kind of outcomes they can expect academically and personality development wise.

The student queries were responded to and their apprehensions were put to rest. The orientation session served as an ice-breaker and a formal inculcation of the fresher students into the college academic force.
