Objective:

The spread awareness about the about the STD among the society and to help prevent it from spreading further. To educate the people about HIV/AIDS and how to save themselves from suffering form the disease

Outcome:

The achievement of the role played by the HIV/AIDS unit in the overall coordination of all institutional responses is highly dependant on the dedicated commitment of all persons, most especially those placed in senior positions. The overall responsibility and accountability for the prevention of new infections and the successful management for those infected and affected by the HI virus relies heavily on the philosophy and example set by those in leadership positions.

29. DISTRIBUTION OF RATION KITS

VENUE :- ASANGOAN MAHULI

During Lockdown Period, the NSS Volunteers conducted a Donation Drive and could collect Rs. 23,179/- . This amount collected was transferred to the Sarpanch of our adopted village and through the amount collected 250 Ration K were distributed to the Tribal Families in Adopted village Chaandroti, Mahuli Awale, Shahapur Taluka, Dist-Thane. 50 Volunteers contributed towards donation.

OBJECTIVE: During the Covid-19 pandemic, various governments around the world have implemented a variety of distribution ration kits. These kits typically consist of essential food and hygiene items such as rice, flour, beans, oil, soap, and other items. In some cases, kits may also include non-food items such as face masks, sanitary products, and medical supplies. The contents of the kits may vary depending on the location and the local needs.

OUTCOME: The distribution of these kits helps to ensure that individuals and families who are facing financial hardship during the pandemic have access to the basic necessities they need to survive.
