BSc.IT DEPARTMENT

Date of event: 7-07-2025

Name of event: Resume Building and Interview Preparation for TYIT student.

No. of students present: 56

Objectives of the programme:

- To develop professional resume-writing skills.
- To improve interview communication and confidence.
- To enhance employability and career readiness.
- To prepare students for placements and internships.

Brief Report: A session on Resume Building and Interview Preparation was conducted for TYIT students to enhance their career readiness. Students were guided on preparing professional resumes and developing effective interview skills. The session covered resume writing, self-introduction, communication skills, and common interview questions. It helped students gain confidence and prepare for internships and placement opportunities.

Programme Outcome:

- Students learned to prepare professional and effective resume.
- Students improved their interview and communication skills.
- Students gained confidence in facing placement and internship interviews.
- Students became more aware of industry expectations and recruitment processes.

BSc.IT DEPARTMENT

Date of event: 09-08-2025

Name of event: Guest Lecture on Cyber Security and Career opportunities in Cyber World

No. of students present: 99

Objectives of the programme:

- To create awareness about cybersecurity
- To provide an overview of key cybersecurity domains.
- To explore career opportunities in the cyber world.
- To provide a platform for interaction with industry experts.

Brief Report:

A guest lecture on **Cybersecurity and Career Opportunities in the Cyber World** was conducted to create awareness about cyber threats, online security, and emerging technologies. The speaker explained key cybersecurity concepts and highlighted various career opportunities such as Ethical Hacking, Cybersecurity Analysis, Digital Forensics, and Cloud Security. The session provided valuable industry insights and motivated students to pursue careers in the rapidly growing cybersecurity field.

Programme Outcome:

- Increased awareness of cybersecurity and its importance in the digital world.
- Enhanced understanding of common cyber threats and security practices.
- Gained knowledge of various cybersecurity domains and career paths.
- Learned about industry-relevant skills, tools, and certifications.

BSc.IT DEPARTMENT

Date of event: 15th Oct to 19th Oct 2025

Name of event: Certificate Course on Azure Cloud Computing Fundamentals.

No. of students present: 36

Objectives of the Program:

- To introduce participants to the fundamentals of cloud computing and its applications.
- To provide an understanding of Microsoft Azure services, architecture, and deployment models.
- To develop knowledge of cloud infrastructure, virtual machines, storage, and networking concepts
- To enhance practical knowledge through hands-on experience with Azure tools and services.

Brief Report:

The Certificate Course on Azure Cloud Computing Fundamentals provided participants with basic knowledge of cloud computing and Microsoft Azure services. The course covered cloud concepts, Azure infrastructure, storage, networking, and security. It helped participants develop foundational cloud skills and gain awareness of career opportunities in cloud computing.

Program Outcome:

- Gained a strong understanding of cloud computing concepts and Azure services.
- Developed basic skills in managing Azure resources and cloud infrastructure.
- Learned about cloud storage, networking, security, and virtualization.
- Acquired hands-on experience with Azure tools and services

BSc.IT DEPARTMENT

Date of event: 13th Dec 2025

Name of event: The Key to Placements: Resume and LinkedIn Essentials

No. of students present: 85

Objectives of the Program:

- To help students understand the importance of a professional resume and LinkedIn profile in the placement process.
- To guide participants in creating an effective and industry-ready resume.
- To develop skills for highlighting academic achievements, projects, internships, and technical competencies.
- To provide best practices for building and optimizing a professional LinkedIn profile.

Brief Report:

The program "The Key to Placements: Resume and LinkedIn Essentials" helped students learn how to create effective resumes and optimize LinkedIn profiles. It provided guidance on presenting skills, achievements, and building professional online presence. The session improved students' awareness of placement requirements and enhanced their job readiness.

Program Outcome:

- Students understood the importance of resumes and LinkedIn profiles in placements.
- Improved ability to create a clear, professional, and impactful resume.
- Gained skills to build and optimize LinkedIn profiles effectively.
- Enhanced personal branding and professional networking skills.

BSc.IT DEPARTMENT

Date of event: 20th Dec 2025

Name of event: Alumni Engagement program-Connectopia

No. of students present: 121

Objectives of the Program:

- To strengthen the relationship between the institution and its alumni.
- To create a platform for alumni to share their professional experiences and insights.
- To provide current students with guidance on career opportunities and industry trends.
- To encourage networking between alumni, students, and faculty members.

Brief Report:

The Alumni Engagement Program was conducted to connect alumni with current students and the institution. Alumni shared their experiences, career journeys, and industry insights. The session provided students with guidance on career development, networking, and understanding industry expectations, strengthening the bond between alumni and the institution.

Program Outcome:

- Strengthened connection between alumni, students, and the institution.
- Gained insights from alumni on industry trends and career paths.
- Improved students' awareness of career opportunities and professional growth.
- Enhanced networking and communication between alumni and students.

BSc.IT DEPARTMENT

Date of event: 5th Jan 2026

Name of event: Industrial Visit

No. of students present: 44

Objectives of the Program:

- Understand the functioning and workflow of an industry.
- Relate classroom concepts to practical industrial applications.
- Observe modern technologies, equipment, and production processes.
- Gain insights into industry standards, quality control, and safety practices.

Brief Report:

An Industrial Visit was organized to provide students with practical exposure to industrial operations and workplace practices. Students observed production processes, modern technologies, and safety measures while interacting with industry professionals. The visit helped bridge the gap between theoretical learning and practical application, enhancing students' technical knowledge and career awareness.

Program Outcome:

- Enhanced understanding of industrial operations and work processes.
- Improved ability to relate theoretical concepts to practical applications.
- Better understanding of career opportunities and required professional skills.
- Strengthened technical knowledge, communication skills, and professional confidence.

BSc.IT DEPARTMENT

Date of event: 5th Feb 2026

Name of event: NGO Visit

No. of students present: 50

Objectives of the Program:

- To create awareness about social and community issues.
- To encourage volunteerism and community participation.
- To understand the impact of social service initiatives.
- To inspire students to contribute towards community development.

Brief Report:

An NGO visit was organized to help students understand the role of non-governmental organizations in community development and social welfare. Students interacted with NGO staff, learned about various social initiatives, and observed activities aimed at improving the lives of underprivileged communities. The visit enhanced students' social awareness, empathy, and sense of civic responsibility while encouraging them to participate in community service.

Program Outcome:

- Developed awareness of social and community issues.
- Understood the role and functioning of NGOs.
- Enhanced empathy, compassion, and social responsibility.

BSc.IT DEPARTMENT

Date of event: 9th Feb 2026

Name of event: Beach Cleaning and No Plastic Drive

No. of students present: 49

Objectives of the Program:

- To promote environmental awareness among students and the public.
- To encourage cleanliness and conservation of beaches and coastal ecosystems.
- To foster teamwork, leadership, and volunteerism through community service.
- To support the vision of a clean, green, and sustainable environment.

Brief Report:

The college organized a Beach Cleaning and No Plastic Drive Campaign to promote environmental conservation and create awareness about the harmful effects of plastic pollution. Students actively participated in cleaning the beach, collecting plastic waste, and spreading awareness among the public about reducing single-use plastics. The campaign encouraged teamwork, civic responsibility, and sustainable environmental practices while inspiring students and the community to maintain clean and pollution-free surroundings.

Program Outcome:

- Increased awareness about environmental conservation and plastic pollution.
- Developed a sense of social and environmental responsibility among students.
- Encouraged the use of eco-friendly alternatives to single-use plastics.
- Improved teamwork, leadership, and community engagement skills.

BSc.IT DEPARTMENT

Date of event: 23rd Feb 2026

Name of event: Edit Verse

No. of students present: Interdepartmental Participation

Objectives of the Program:

- To enhance students' video editing and multimedia skills.
- To encourage creativity, innovation, and digital storytelling.
- To provide hands-on experience with video editing software and tools.
- To develop technical, visual communication, and presentation skills.

Brief Report:

The B.Sc. IT Department organized an Intra-College Video Editing Event under the HOPE Academic Event to encourage students to showcase their creativity and technical expertise in multimedia. Students participated enthusiastically by creating innovative and engaging video projects using various editing tools. The event provided hands-on learning, enhanced digital content creation skills, and promoted creativity, healthy competition, and practical application of video editing techniques.

Program Outcome:

- Enhanced students' creativity and video editing skills.
- Improved technical proficiency in multimedia tools.
- Strengthened digital content creation and storytelling abilities.
- Increased students' confidence in showcasing their creative talents.
